LECTORI BENEVOLO

S. P. D.

GEORGIUS SEPTIMVS DIETERICHVS.

Prodit in publicum, Lector beneuole, meae bibliothecae, cuius pars prima sub initio huius ad finem nunc vergentis anni Tuis relictæ fuit vsibus, pars secunda. Continet hæc pars cum subsequen- tibus adparatum opusculorum minorum, disputationum, programmatum et orationum, non iure hæreditario aut prouidentia maiorum ad me deuolutum, sed per vicennium ex omnibus paene latebris a me studiose magnisque collectum

sum-

sumtibus. Catalogum, promissi memor, horum scriptorum minutulorum, quae ex omnibus scientiarum, inprimis vero iurium et historiarum partibus conquisiui, elucubro alphabeticum, cuius primae typis euulgantur plagulae et quas citius, ac ego decreui, omnes sequentur reliquae. Cum enim amicus integerrimus, Fridericus Theophilus Alkofferus, ciuis et Adseffor Dicasterii Ratisponensis, vir magni ingenii multique fudoris, in conficiendo hoc indice manus mihi commodet auxiliares huncque laborem arduum atque difficilem pro viribus subleuet, opus, quod in meam et bibliophilorum suscepi vtilitatem, mox penitus absoluere potero. Sudat iam sub prelo publicandae meae bibliothecae pars tertia, quam singulis futuris Lipsiensibus nundinis sine intercapidine excipient reliquae, plagularum
quan-

quantitate circiter aequales. Calcar ad institutum citius profequendum subiicit et propria et communis vtilitas. Non mihi praefanti animus est, diuersa, quae ex assidua catalogorum perlustratione historiae litterariae adcrefcunt, praedicandi commoda; iudicent de iis bibliophili, profiteantur ea historiae litterariae gnari cultores, ipsa loquatur experientia. Fructus enim, quos typis euulgati librorum catalogi proferunt, certissimi sunt et vbertate se commendant, si modo debita illis edendis cura fuerit adhibita, ne tribuenda ipsis fides et auctoritas in dubium vocari possit. Placebit proinde singulis meum de republica litteratorum bene merendi studium, cum multorum millium opusculorum recludo thesaurum, quorum indicem alphabeticum, nominalem quem vocant, ea qua potui, accuratione tam
quoad

quoad nomina auctorum, quam annos et formas impressionis, conscriptum e manibus meis exire patior. Res rari sane exempli. Rara est horum indicum euulgatio, rarior quoque arduo huic labori impendenda vigilantia et industria. Id vnicum adhuc moneo, eos omnes libellos, quorum formam impressionis non indicaui, forma, technico vtor termino, quarta, impressos esse. Aequo hinc fretus iudicio, publicis hanc meam gazam relinquo vsibus, et hoc interea omne et laboris et sumtus erit praemium, meum si Tibi, Lector beneuole, non displiceat institutum. Vale et fauere perge. Scribebam Ratisponae die XVI. Decembris M D C C L X.
