En! primas criticae S. V. T. lineas,
rudi penicillo ductas, quas eo con-
silio prelo commisi, vt, si forte inter no-
stros sint, qui me duce haec studia prae-
libare cupiant, in promptu sit ichnogra-
phia, cui colores inducere possim. Te-
nuitatem scripti ipsemet probe perspi-
cio, vt Aristarchi non indigeam officio.
Quodsi tamen plagulas has Commilito-
num vsibus inferuire posse cognouerim,
me consilii mei non poenitebit.
